Career Portal

# Welcome to your G.I. Jobs Career Portal home page.

Easily view your profile views, messages sent to candidates, job applications, and job views.

## Ready to Post Your Jobs?

Now that you've created a beautiful profile, start posting your jobs.

We've made it easy. Add the job title, select the occupation and additional job post information.

You can make it mandatory for candidates to share a resume!

Feature your job to get 5x more candidate views with the Featured Jobs Add-on!

Need to upgrade your account to post a job? No worries! Follow the payment steps on the next page and come back to this step.

## Select Add-ons

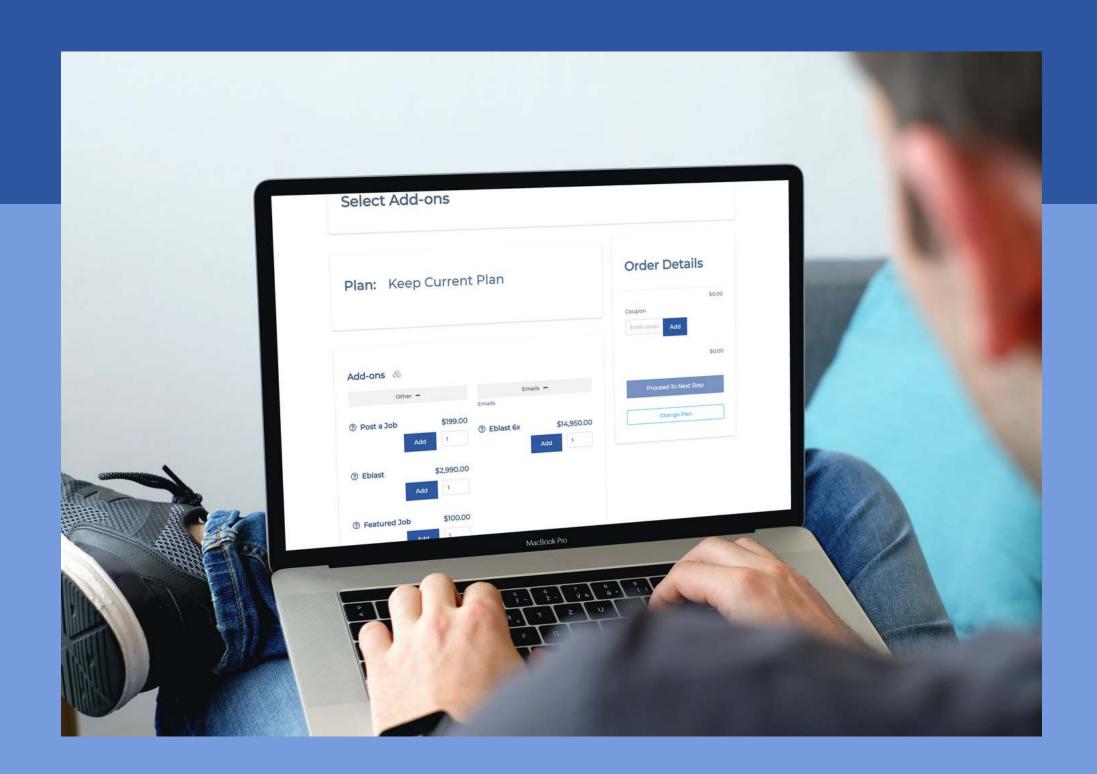

Our add-ons are a great way to boost your job posting interactions at a low cost.

You can easily purchase the option to post one job or several on the career portal.

Send the job post directly to the G.I. Jobs registered users with a customized e-blast

Want to explore the database and find resumes that match your skills? Purchase 20x, 10x, or 5x resume database searches.

Expand beyond the Career Portal and purchase a booth to meet candidates in person at the Virtual Career Expo.

## How Do I Use the Candidate Search?

Search thousands of qualified candidates to find the right match for your open positions.

Filter candidates by current job title, location, MOS, military rank, branch of service, security clearance level, and more.

If you've maxed out on searches or want to add more to your subscription, you can purchase a one-time add on at any of the following amounts!
